The Government of the Philippines through the Bureau of the Treasury (BTr) has budgetary allocation for the repair and maintenance of BTr Motor Vehicles and a portion from said fund will be applied to payment under this contract.

The BTr now invites price quotations for the immediate Supply of Labor and Materials for the urgent check up and repair/replacement of defective parts of Isuzu XTRM CSB-110.

Please send/submit duly signed quotation, tax included, indicating the period/number of days within which to complete the check up and repair, warranty (if any) and terms of payment to:

The BTr reserves the right to accept or reject any or all quotations and to annul the canvass process at any time prior to contract award, without incurring any liability to the suppliers.

But, considering the urgency and necessity for the subject procurement, the BTr is not precluded from bringing the vehicle immediately to the nearest CASA/Service Center on the following grounds:

1. The vehicle is a BTr official vehicle being used by one of the Deputy Treasurer of the Philippines in his official functions
2. there was an almost engine overheat experienced by end user due to dry radiator resulting from defective/leak of water pump
3. the urgent/immediate check up/repair is necessary primarily for the safety of the end user and to prevent the vehicle from further deterioration

Very truly yours
