**SUPPLEMENTAL/ BID BULLETIN
No. 18-2010**

This Supplemental/Bid Bulletin is issued in reply to the query of prospective bidders during the Pre-Bidding Conference held on September 8, 2010 for the Supply of Internet Access Service.

QUERRY	REPLY OF THE PROCURING ENTITY
With the requirement of using fiber-optic wire for the distribution backbone (last mile) up to the Data Center to implement the project, Globe Telecommunication requested BTr to either consider changing the requirement from Fiber-Optic to Copper Wire or increase the budget because Fiber-Optic is expensive.	The provision for fiber-optic remains and the ABC is P600,000.00 each for Lot 1 and 2.

For the guidance and information of all concerned.
