National Government Debt Recorded at P13.70 Trillion as of end-January 2023

MANILA, Philippines, 7 March 2023 – The National Government's (NG) total outstanding debt amounted to P13.70 trillion as of end-January 2023. From end-December 2022, NG's total outstanding debt increased by P279.63 billion or 2.1% due to the net availment of domestic and external debt. Of the total debt stock, 31.5% was sourced externally while 68.5% were domestic borrowings.

NG domestic debt amounted to P9.38 trillion, P176.55 billion or 1.9% higher compared to the end-December 2022 level primarily due to net availment of domestic financing amounting to P179.16 billion offsetting the P2.61 billion effect of local currency appreciation against the US dollar on foreign denominated onshore securities.

NG's external debt amounted to P4.31 trillion, P103.08 billion or 2.4% higher from the previous month. The increase in NG's external obligation for January was brought on by the P186.56 billion net availment of foreign loans and P10.36 billion impact of third-currency adjustments against the US dollar. However, peso appreciation reduced the peso value of foreign currency denominated debt by P93.84 billion.

Total NG guaranteed obligations decreased by P5.21 billion or 1.3% Month-over-Month to P393.84 billion as of end-January 2023. The lower level of guaranteed debt was due to the net repayment of both domestic and external guarantees amounting to P1.12 billion and P0.21 billion, respectively. Peso appreciation against the US dollar further trimmed P4.31 billion. These more than offset the net appreciation of third-currency denominated guarantees against the US dollar amounting P0.42 billion.
